This is a conversation worth having. #BronzePinkandYOU

'Consensual sex' is just sex. **To say that implies there is such a thing as nonconsensual sex.** That's rape. There is only sex and rape. Sex and rape are two very different events. You wouldn't say 'breathing swimming' and 'non-breathing swimming,' you say 'swimming' and 'drowning.'

In conjunction with National Sexual Assault Awareness Month, we're proud to announce that Delta Gamma is one of five NPC groups launching a joint initiative focused on sexual assault awareness and bystander intervention.

The initiative is anchored by an online educational program, Not Anymore, and features modules on consent, sexual assault, dating violence, bystander behavior and healthy relationships. The groups involved with this initiative include Alpha Chi Omega, Alpha Sigma Tau, Delta Delta Delta and Kappa Kappa Gamma. Read more here: <http://bit.ly/1RWye21>

We are committed to creating a Culture of Care – one that supports women and gives them the resources they need to confront sexual violence. One in five women will be sexually assaulted by the time they graduate college, according to The Campus Sexual Assault (CSA) Study. We want that to change. Therefore, we are partnering with One Student to help lead the conversation on consent and sexual empowerment.

The absence of "No" is NOT consent. [#BronzePinkandYOU](#) [#consent](#)
